# OPERATION ROOM FURNITURE & MORTUARY EQUIPMENT

Operation Theater Equipment  
Mortuary Equipment

PS  
SSSU01

*Surgical Scrub Sink, Double*

**Specifications**

Made of Grade 304 stainless steel  
Knee commanded soap and water control  
Mixer to adjust water temperature  
Four adjustable legs  
Wall mounted model (optional)

Size: 120x60x130h cm

PS  
SSSU02

*Surgical Scrub Sink, Single*

**Specifications**

Made of Grade 304 stainless steel  
Knee commanded soap and water control  
Mixer to adjust water temperature  
Four adjustable legs  
Wall mounted model (optional)

Size: 60x60x130h cm

PS  
SSSU03

*Surgical Scrub Sink, Double*

**Specifications**

Made of Grade 304 stainless steel  
Photocell commanded water control  
Pedal commanded soap control  
Mixer to adjust water temperature  
Four adjustable legs  
Wall mounted model (optional)

Size: 120x60x130h cm

PS  
SSSU04

*Surgical Scrub Sink, Triple*

**Specifications**

Made of Grade 304 stainless steel  
Photocell commanded water control  
Pedal commanded soap control  
Mixer to adjust water temperature  
Four adjustable legs  
Wall mounted model (optional)

Size: 180x60x130h cm

PS  
SSWS01

*Instrument Washing Sinks*

**Specifications**

Made of Grade 304 stainless steel  
Two Sinks  
Tap with one point, spiral extension and douche (Optional)  
Wall side raised edge for Wall protection  
Adjustable legs

Size: 70x180x85cm  
(Can be supplied in various sizes upon request)

PS  
SSWT01

*Working Table*

**Specifications**

Made of Grade 304 stainless steel  
Two shelves  
Adjustable legs  
Wall side raised edge for Wall protection

(Can be supplied in various sizes upon request)

PS  
SSWT02

*Working Table*

**Specifications**

Made of Grade 304 stainless steel  
Adjustable legs  
Cupboard with sliding doors with one shelf inside

Size: 60x140x85 cm  
(Can be supplied in various sizes upon request)

PS  
SSWT03

*Working Table with Drawers and Cabinet*

**Specifications**

Made of grade 304 stainless steel  
Three drawers  
One cabinet with sliding doors (swinging doors are optional)  
Two shelves inside the cabinet  
Adjustable legs  
Castors (optional)  
(Can be supplied in various sizes upon request)

PS  
SSC01

*Instrument and Drug Cabinet*

**Specifications**

Made of Grade 304 stainless steel  
Adjustable legs  
Two glass doors with lock  
Three shelves

Size: 45x90x180 cm

PS  
SSC02

*Instrument And Drug Cabinet*

**Specifications**

Made of Grade 304 stainless steel  
Upper part with two lockable glass doors and two shelves inside  
lower part with two drawers and one closet  
Adjustable legs

Size: 30x70x175 cm

PS  
SSEC01

*Endoscope Cabinet*

**Specifications**

Made of Grade 304 stainless steel  
lockable glass door  
Designed for storage of endoscopes in safe and sterile area  
Cabinet inside is lined with shock absorbant material  
Adjustable legs

Size: 60x40x210 cm

PS  
SSAT01

*Anesthesia Trolley*

**Specifications**

Made of Grade 304 stainless steel  
Top with injector box and IV holder  
Bottom with drug box and drawers  
Four castors, two with brake

Size: 50x70x100 cm

PS  
SSDT01

*Dressing Trolley*

**Specifications**

Made of Grade 304 stainless steel  
Four drawers  
Height adjustable IV pole  
Sharps receptable  
Pushing handle  
Four swivel lockable castors

Size: 100x50x90 cm

PS  
SSTT01

*Sterile Transfer Trolley*

**Specifications**

Made of Grade 304 stainless steel  
Two detachable shelves  
Two lockable doors in the front can be opened up to 110°  
Pushing handle on the side  
Four castors, two of them lockable

Size: 120x75x145 cm

PS  
SSIT01

*Instrument Trolley, Two Shelves*

**Specifications**

Made of Grade 304 stainless steel  
Two shelves with rails  
Four castors, two of them lockable

Size: 55x86x90 cm  
(Can be supplied in various sizes upon request)

PS  
SSIT02

*Instrument Trolley, Three Shelves*

**Specifications**

Made of Grade 304 stainless steel  
Three shelves with raised rim  
Four castors, two of them lockable

Size: 55x86x90 cm  
(Can be supplied in various sizes upon request)

PS  
SSIT03

*Instrument Trolley, Two Shelves*

**Specifications**

Made of Grade 304 stainless steel  
Two shelves with raised rim  
Four castors, two of them lockable

Size: 55x86x90 cm  
(Can be supplied in various sizes upon request)

PS  
SSIT04

*Instrument Trolley with Drawer*

**Specifications**

Made of Grade 304 stainless steel  
Two shelves with one drawer  
Four castors, two of them lockable

Size: 55x86x90 cm  
(Can be supplied in various sizes upon request)

PS  
SSIT05

*Instrument Trolley with Two Drawers*

**Specifications**

Made of Grade 304 stainless steel  
Two shelves  
Two drawers  
Four castors, two of them lockable

Size: 55x86x90 cm  
(Can be supplied in various sizes upon request)

PS  
SSIT06

*Instrument Trolley with Two Shelves and One Drawer*

**Specifications**

Made of Grade 304 stainless steel  
Two shelves with raised edges  
One drawer  
Four castors, two of them lockable

Size: 77x47x80 cm  
(Can be supplied in various sizes upon request)

PS  
SSFT01

*Falcate Table*

**Specifications**

Made of Grade 304 stainless steel  
6 castors two of them with brakes  
Two shelves

Size: 45x170x90 cm

PS  
SSLT01

*Laundry Trolley*

**Specifications**

Made of grade 304 stainless steel  
Two rings with removable bag  
Four lockable castors

Size: 100x45x80 cm

PS  
SSMT01

*Mayo Table, Hydraulic*

**Specifications**

Made of Grade 304 stainless steel  
Hydraulic adjustment of height by pedal  
Three lockable castors

Size: 50x75x80-115 cm  
Size: 50x75x80-120 cm

PS  
SSMT02

*Mayo Table, Mechanic*

**Specifications**

Made of Grade 304 stainless steel  
Mechanical adjustment of height  
Lockable castors

Size: 50x75x80-115 cm

PS  
SSFS01

*Step Stool, Single*

**Specifications**

Made of Grade 304 stainless steel  
Single step

Size: 60x35x22 cm

PS  
SSFS02

*Step Stool, Double*

**Specifications**

Made of Grade 304 stainless steel  
Double step

Size: 60x65x40 cm

PS  
SSBS01

*Bowl Stand, Single*

**Specifications**

Made of Grade 304 stainless steel  
One leg with five castors  
Single bowl with capacity of 5 lt

Base Diameter 60 cm  
Height: 90 cm

PS  
SSBS02

*Bowl Stand, Double*

**Specifications**

Made of Grade 304 stainless steel  
One leg with five castors  
Two bowls with capacity of 5 lt each

Base Diameter 60 cm  
Height: 90 cm

PS  
SSMW02

*Waste Trolley*

**Specifications**

Made of Grade 304 stainless steel  
Four castors, two of them lockable  
Two pushing handles  
Top cover

Size: 90x60x90cm

PS  
SSMW01

*Kick Bucket*

**Specifications**

Made of Grade 304 stainless steel  
Bin with lockable cover based on castors  
Carrying handle  
Bin holder is covered with rubber circle to protect against bumps

Size: 30x30/ 21 lt  
36x36cm/ 36 lt  
40x40 cm/ 50 lt

PS  
SSSH01

*Shelving Units*

**Specifications**

Made of grade 304 stainless steel  
Mobile or fixed (optional)  
Straight or wire grid shelves (optional)  
Modular construction, adjustable shelf intervals

Size: 137x36x183 cm  
137x46x184 cm  
137x53x185 cm  
137x61x186 cm

PS  
SSSLT01

*Slipper Trolley*

**Specifications**

Made of grade 304 stainless steel  
Six shelves and capacity for 24 pair of slippers  
Four revolving castors, two of them lockable

Size: 48x96x180 cm  
(Can be supplied in various sizes upon request)

PS  
SSCTT01

*Open Container Transport Trolley*

**Specifications**

Made of grade 304 stainless steel  
Four revolving castors, two of them lockable

Size: 105x63x128 cm  
(Can be supplied in various sizes upon request)

PS  
SSMU01

### Mortuary Refrigerator, Three Body

#### Specifications

Three separate motors operated with separate digital controls to provide the possibility of operating the cabins separately whenever needed  
Quick cooling capacity  
Alarm system that goes on as it senses movement in the body  
Digital Thermostat  
Outside and inside walls are made of 304 quality Stainless steel  
Fan Controlled air flow  
Provided with 4 lockable castors.  
The morgue unit is fixed on 40x40-x2mm steel profile  
Body trays are made of stainless steel and provided with telescopic slide mechanism and has load capacity of 185kg and there is no need to hold it after pulling out  
Provided with three doors with locks  
Provided with 60 watt light that goes off automatically and can be programmed  
Name tag can be provided

Size: 90x220x220 cm

PS  
SSMU02

### Mortuary Refrigerator, Two Body

#### Specifications

Two separate motors operated with separate digital controls to provide the possibility of operating the cabins separately whenever needed  
Quick cooling capacity  
Alarm system that goes on as it senses movement in the body  
Digital Thermostat  
Outside and inside walls are made of 304 quality Stainless steel  
Fan Controlled air flow

*Air Conditioned Coffin*

**Specifications**

Outside and indise walls are made of 304 quality Stainless steel with wooden design cover  
 Easy maintenance and washable  
 The coffin is fixed on 30x30-x2mm steel profile  
 Works at 220 volt and can work in vehicles with the inverter  
 Digital Thermostat  
 Quick cooling capacity up to -12°  
 Coffin cover is provided with 400 n gas spring and supplied with special rubber band to prevent loss of cold air  
 Cover is supplied with tempered glass window that allows visibility of the inside of the coffin without the need to open the coffin frequently  
 Edges of the coffin are reinforced with aluminum bracket to provide protection against external impact  
 Coffin is supplied with four foldable hadles to facilitate transport and is based on four adjustable legs

Size: 225x65x44 cm

*Autopsy Table*

**Specifications**

Made of 304 quality Stainless steel  
 Provided with a sink  
 Includes a long spiral hose with spray head  
 The table is fixed on a 60 cm x 60 cm column

*Cadaver Lift*

**Specifications**

304 quality stainless steel structure and platform  
 Battery operated

Platform Size: 205x75 cm  
 Height range: 36-136 cm  
 Weight capacity: 250 kg

*Cadaver Lift*

**Specifications**

Epoxy coated steel structure  
 Stainless steel platform  
 Hydraulic height adjustment

Platform Size: 205x75 cm  
 Height range: 36-163 cm  
 Weight capacity: 1000 kg
